

Ethel S. Herr Gardens Memorial and Honorarium

The Memorial and Honorarium Program is designed to honor special people in our lives. Our goal is to create an ecologically balanced landscape of serenity and beauty, for the education and enjoyment of our community. You become part of the dream as your donation honors your loved ones through specialty gardens, plant material, developing a gardening resource library, garden appointments, and landscape features.

The name of your honoree will be listed in our Ethel S. Herr Gardens Registry. You will receive a donor card stating how your gift was used to enhance the Gardens.
